Thank you very much for your participation.

1. Very enthusiastic teacher, taught multiple teaching styles for everyone to understand. Explained theories in depth & was always available for extra help or provided valuable feedback on tests/ quizzes. Prepared me for each exam. Excuses passion for the subject & is one of the only teachers I've had that seems to care about my success in class.

2. Possibly needs to teach a higher level, but is good at explaining to those who don't understand.

3. Please do not write in this area.

1. Interesting & previously unknown properties of math were discussed.

2. It would be best for the course to be taught at a pace more at the speed of students who are unused to math. Instructor is competent in his field but does not communicate the material well enough for universal understanding.

3. More practical applications of mathematics should be taught.
