Postings listed in reverse chronological order.

(Posted June 2) INFORMATION ABOUT FINAL EXAM:

The final exam for Math 200 will take place Thursday, June 11, from 1-3 PM. The Outcome List is now posted on the class web site, and shows the coverage of the exam, which is comprehensive. You are responsible for all the material on the syllabus. Last year’s final exam is also posted. As usual, the syllabus has changed a little bit, so this year’s exam may cover somewhat different material; the Outcomes List is the best place to focus your studying energies.

*** Location of Final Exam:

If you took your previous exams in the main auditorium, go there.
If you took your previous exams in Disque 103, go to CAT 61.

The usual examination rules apply: you must have your ID. No calculators. IF YOU DO NOT WRITE YOUR CORRECT SECTION ON THE EXAM, YOU WILL LOSE FIVE POINTS. This has been announced repeatedly, and is on the class syllabus.

*** Graduating Seniors

You have two grading options for the class. You can take a “senior” final exam on Tuesday, June 9, and follow the standard grading policy of the class. Or, you can make the choice of not taking a final, in which case your grade will be computed as: 20% quizzes, 20% lowest midterm, 20% second lowest midterm, 40% highest midterm.

IF YOU DO NOT EMAIL ME BY 5 PM ON THURSDAY SAYING THAT YOU WANT TO TAKE THE “SENIOR” FINAL EXAM, WILL WE ASSUME THAT YOU DO NOT WANT TO TAKE THE “SENIOR”
