

DREXEL ANALYSIS SEMINAR

November 18, 2022

2-3 PM, Korman 245

Speaker: Anatolii Grinshpan (Drexel)

Title: Singularity of zero/one matrices

Abstract: What are the chances that an $n \times n$ zero/one matrix is singular? Not too high when n is large. We will discuss a theorem of Komlós as well as some subsequent development.
